DEVELOPMENT

Magnolia FACT SHEET

Like the magnolia in full bloom, this serviced residence stands as a symbol of quiet strength and timeless grace. Every curve and contour is crafted to capture the poetry of nature – soft, enduring, and pure here, Life unfolds gently, surrounded by beauty that whispers rather than shouts.

Rising G+5 floors, inspired by the graceful form of the magnolia flower, this building blends soft curves and clean lines into a calm, contemporary design. Interiors are bright and well-composed, with subtle textures and gentle tones that echo the building's floral influence.

Thoughtful design, natural inspiration, and everyday comfort come together to create a place that feels balanced, warm, and effortlessly livable.
